Central Office Reopens

Central Office thanks you and invites you to come visit the New & Improved Intergroup Office.

We were hit hard by Hurricanes Helene and Milton. Almost everything in the office was destroyed in the flooding.

Many thanks to the handful of Groups that were able to help with financial donations. We had to completely restock all literatures and all other products. A new bathroom vanity was purchased since the old one crumbled under 3 feet of water. The Archives were almost a complete loss. We were lucky to have 2 new cabinets donated for the New & Improved Archives. They are actually an upgrade from the old display cases and we can now embark on a treasure hunt to restock the Archives. The computer and phone system were drowned. The water level filled the top drawers of the desks.

Many thanks to all the AAers who provided hours of service work to help us clean up the muck, remove all the damaged furniture and product and to help reopen. We reopened on October 14th and are settling in to our new surroundings.

The recent economy had already led to decreased donations this year, and the storms have been incredibly destructive and costly.

Please, ask your Home Group if there is room in the budget for a donation. Your Intergroup needs your help.

The Office has done this all with the wonderful aid of local groups and members. We have received no aid from GSO, Area, District or FEMA. So to all of you that have pitched in, you have our most sincere love. Please remember, the Intergroup Office belongs to all of us in District 15.

Step Eleven

Sought through prayer and meditation to improve our conscious contact with God as we understood Him, praying only for knowledge of His will for us and the power to carry that out.

Seeking God's will for our lives can seem like an arbitrary act with no real concrete evidence of any tangible results. However, learning how to meditate and spending time in prayer aren't about receiving instant gratification.

These spiritual exercises are one of the ways we develop an ever-deepening relationship with our Higher Power. Prayer and meditation should become a regular part of our daily life. Denying ourselves the benefits of prayer and meditation is like cutting off an essential source of recovery support. Just as our bodies need food and water to survive, our souls need nourishment, too.

"What we really have is a daily reprieve contingent on the maintenance of our spiritual condition." Big Book page 85

Step Eleven is about strengthening our prayer and meditation practices. It is through prayer and meditation that we both speak, and listen, to our Higher Power for direction. Step Eleven helps us get in conscious contact with that little voice deep within us that helps guide our path.

Tradition Eleven

Our Public Relations policy is based on attraction rather than promotion; we need always maintain personal anonymity at the level of press, radio, films.

There are a number of considerations regarding personal anonymity. First, people shouldn't break others' anonymity at any level unless they are sure that they have permission to do so. And we should not break our own or anyone else's anonymity ever at the level of radio, TV, film, publishing, and the internet. If we do either of these it discourages new people from seeking help, for they are afraid that we couldn't be trusted to protect their anonymity too.

It is often argued that AA should make more use of its famous members and indeed, there are occasional high-profile anonymity breakers. Some do so because they mistakenly think they are helping AA. Often though, when famous people break their anonymity the telephone services do receive more calls. But in the long run, the bad publicity of some just-as-high-profile subsequent relapses, has always outweighed the previous good publicity.
